

ALPINE RIDGE

TECWOOD

Mohawk presents Alpine Ridge, a new oak hardwood collection with a lightly wire brushed surface.

Featuring our Craftsman Cut, the oak is sawn and random matched to reveal more of the wood's natural beauty and unique character, as often found in fine Craftsman furniture. Five traditional and fashion-forward colors provide a range of options for any decorating style.

The 3/8" planks are 6.5" wide and offer the ultimate in cleanability with the built-in protection of TruFinish™ and EasyCare™ to prevent day-to-day grit and grime from building up. Alpine Ridge is proudly made in the USA.
