

HAVERMILL

LAMINATE

The wide-ranging exotic beauty of Havermill, Mohawk's first 12mm distinctive plank collection, now features the addition of five new stunning shades: Smoky Oak, Soft Copper Oak, Stonewood, Honey Blonde Maple and Havana Hickory. These sophisticated planks showcase distinct characteristics and the luxurious look of premium scraped hardwood in 5¼" x 47¼" plank size, complete with microbevel edges and ends. Havermill beautifully combines traditional and fashion-forward designs that feature embossed in register textures as well as other styles presenting a smooth, semigloss surface texture. The design versatility found in this line produces rooms with exotic flair yet the distinguished, elegant feel of authentic hardwood.

MOHAWK®

KEY SELLING POINTS BY CUSTOMER

FOR RETAILERS

Havermill offers your customers the choice of fashionable, yet classic designs in an array of species and colors to meet an aesthetic need in a thick 12mm plank. This is a premium choice for customers looking for realistic wood visuals.

FOR INSTALLERS

Havermill brings installers a total of 4 additional wood styles and 1 new tile visual for creating great looking floors. Uniclic locking system guarantees a perfect, quick, and easy installation every time, ready for immediate use in areas where real wood cannot be installed.

FOR HOMEOWNERS

Homeowners want long lasting durability and they will find it in Havermill. The collection offers rustic and naturally weathered wood visuals found in higher priced floors. The variety of colors and visuals offer great design for an even better value.
