

REFINED ARTISTRY

LAMINATE

Inspired by the strength and aged beauty of a reclaimed factory floor, Mohawk's Refined Artistry Collection offers mixed finishes and wood species in multiwidth planks for a striking, classic style. Available in three colors including Painted Timber, Weathered Grey and Silver Dollar, this collection combines high-shade variation with an allover texture in a matte finish to give these attractive planks remarkably realistic hardwood visuals. Featuring square edges and ends, the 7 1/2" x 47 1/4" x 8 MM planks utilize multiple plank sizes within a board as well as multiwidth variance for truly unique floors.

The Refined Artistry Collection makes it simple to craft rooms with the distinguished feel of authentic hardwood. Utilizing UniClic® technology, the industry's leading glueless locking system, installation is quick and easy. This installation system also helps prevent water damage and warping. Floating installation allows for convenient installation of floors, above or below grade. The Limited Lifetime Residential Warranty guarantees that once installed, these stunning floors will maintain their beauty. With Refined Artistry, it's never been easier to capture a classic feel while creating a fashionable, unforgettable impression.

MOHAWK®
